An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Judy M. Kadoura on June 2, 2009.

The application has been amended as follows:

Claim 36: The device of claim ~~36~~ 34, wherein the interface allows creation of new fields in addition to the plurality of fields.

In particular, no prior art could be found to teach the claimed three data structures for logging protocol fields. Wherein the first data structure features an indication of which out of all of the plurality of protocol fields are selected for logging. In addition, the sequence in which the selected protocol fields are to be stored/appear within the log file can be selected.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
